Ikens, Bulow and Erber Win In Charlevoix Co. Primary

THEIR NOMINATION MEANS ELECTION IN NOVEMBER

With all precints of Charlevoix County returns in, except Hudson Twp., Republican incumbents retain their lead by substantial majorities.

For Sheriff, Floyd W. Ikens received 1150, R. T. Davis 529, and Glenn E. Rose 453.

For County Clerk, Fenton R. Bulow 1395, William C. Underhill 705.

For County Road Commissioner, Karl J. Erber 1260, Angus L. Fochtman 716.

All other County officers were unapposed.

For Governor, Harry F. Kelly 1111, Fred M. Alger, Jr., 255, Albert J. Engle 212, Eugene C. Keyes 447, Thomas S. Leith 22.

For Lieutenant Governor, William C. Vandenberg 1251, Harry Henderson 354, Dan Mills 141, Laverna M. Laubengayer 85.

All For Christ Youth Rally at Green River Schoolhouse

This Saturday night, Sept. 16th, at 8 p. m. there will be an unusual program for our Youth Rally.

We feel it is an honor and privilege to have with us Dr. Jennie Crozier Stead as our speaker.

Dr. Stead has served for 46 years as a Doctor-Missionary. She first served in India. For 29 years she ministered to the physical and spiritual needs there. Because of love and marriage in 1933 she went to Iran. She married Rev. Francis Stead who had founded an orphanage in 1923 near Kermanshah, Iran.

At the orphanage she took over the duties of caring for the medical needs. There she labored continuously for 23 years.

Dr. Jennie Crozier Stead has now returned to America. She has retired from active duty in the foreign field but she is not retiring from working for her Lord. She now plans to travel over the states speaking in behalf of Iran. One of her desires is to gain new recruits for Iran.

She has slide pictures of the work in Iran which she will show Saturday night.

We invite the public to this Rally. You will find the Green River Schoolhouse on Co. Road 620. It is just one mile off M-66 going toward Bellaire.

PROTECT YOUR HOME FROM BURGLARS!

Amost 4,000,000 homes and shops will be burglarized this year. Don't let yours be one of them! Read "Somebody in the House" by Arthur W. Wallander, former police commissioner of New York City, in The American Weekly, celebrated real-life magazine with this Sunday's (Sept. 17) issue of The Detroit Sunday Times.

Egg Production Calls For Water

Keeping plenty of water before the laying flock is important, say extension poultrymen at Michigan State College.

High egg production increases the need for water since eggs have a large water content. Pulets are known to increase their water consumption when the temperature climbs.

Because water is so necessary in a good poultry program and because it adds to the labor when carried to the hen house, the poutrymen advise running water where it is necessary. A number of fountains and watering devices are on the market, or the farmer handy with tools can construct his own.

NURSERY SCHOOL CHOICE IS IMPORTANT

If your are thinking of sending your child to a nursery school you will want to "shop around" for a good one. Bernice Borgman, of the Michigan State College Nursery School, gives these suggestions for selecting one.

Is the school licensed? To be granted a license in Michigan the school must come up to certain minimum standards of health, sanitation, safety, personnel, program, records kept and teacher qualifications.

Is the teacher well-qualified? A good teacher should have special training for teaching little children. She should be a wholesome, healthy and friendly person who understands children and enjoys them.

What kind of program is followed. It should provide for daily health inspection, free play indoors, creative activities, stories, music development of good habits in eating, dressing, toileting, washing and sleeping. It should give attention to the physical, mental, social and emotional needs of the child.

Are the physical facilities of the school satisfactory? There should be plenty of space both inside and outside for all days activities for all the children. The space must have fresh air, sunlight and adequate supervision. The building should be warm, clean and safe. Equipment should include climbing bars, swings and tricycles to build strong bodies and good motors skills. It should include toys for playing house, blocks ,clay, large crayons, paints, books pictures, musical instruments and simple, durable, easily cleaned furniture.

It is important to check carefully the kind of place in which your little child will spend several hours a day during an important learning period. A poor nursery may do more harm than good.

To Celebrate Golden Wedding Anniversary Saturday, Sept. 23rd

Mr. and Mrs. James Meredith will celebrate their golden wedding anniversary by holding open house at the recreation building in the Tourist Park for relatives and friends Saturday, Sept. 23, from 8:00 to 11:00 p. m.

Well Baby and Immunization Cinic Tuesday, Sept. 19th

A Well Baby and Immunization Clinic will be held Tuesday, Sept. 19th at the East Jordan Grade School, 9:30-11:30 a. m.; at the Latter Day Saint Church, 1:30-3:30 p. m. Any parent who wishes their child to receive immunization for whooping cough, diptheria, tetanus or small pox is invited to attend these clinics.

Dr. A. F. Litzenburger, Director of District Health Dept. No. 3, will be in attendance.

Marriages

VanDeusen — Clark

Madelon Van Deusen daughter of Mr. and Mrs. Paul Van Deusen of Harbor Springs, and Carroll Robert Clark, son of Mr. and Mrs. Mason Clark, Sr., of East Jordan, were united in marriage at Oak Park Methodist Church, in Flint, Sept. 2nd, at 11:00 a. m. in a single ring ceremony.

The bride chose an aqua-blue nylon gown with white accessories. Her corsage was of red American Beauty roses.

They were attended by Mr. and Mrs. Duane Hosler, sister and brother-in-law of the bride.

Following the wedding a small reception was held at the home of the groom's parents, Mr. and Mrs. Mason Clark, Sr., at East Jordan.

The dining room was decorated in pink, white and blue. A beautiful two tier wedding cake and candles completed the color scheme.

The young couple received many lovely gfts.

Out of town guests at the reception were Mr. and Mrs. Floyd Sutton of Flint and Mrs. E. Ermina Huntone of Sierra Madra, Calif.

Mr. and Mrs. Clark will reside in Flint where he is employed.

DANCING

South Arm Grange Hall. Every Saturday night. 37-3

CONTROY WILD CARROTS BY SPRAYING

September is a month for farmers in this area to spray wild carrots and gain excellent control the following season according to agronomists Keith Barrons and L. L. Coulter of the Dow Chemical Company.

Roadsides, vacant lots and ditch banks in Charlevoix county are filled with this troublesome weed at this time of the year. The wild carrot may also be found invading the alfalfa fields and will certainly represent a source of seed for further infestation. Mowing the wild carrots before spring is suggested to get rid of the weeds. Spraying with 24D should follow mowing in about two weeks. One treatment will give reasonable control.

The wild carrot in the county is one that affects all farmers. Ed Rebman county agent, suggests that neighbors get together and cooperate on this program. A group of neighbors could spray all of the road banks and vacant lots which would reduce the amount of seed infestation for next year.

Jassamine Rebekah Lodge

To re-open with a pot luck Birthday Party on Wednesday, Sept. 20th, at 6:30. Birthdays in July, August and September will be celebrated at this time. Those on the committee to do the work are those whose birthdays were in April, May or June. This is an important meeting.

CARD OF THANKS

Sherman — We wish to express our sincere appreciation and thanks to our many friends and neighbors for their wonderful assitance and sympathy, also for the beautiful flowers, during the recent loss of our beloved mother. Our gratitude is also expressed to Rev. Alfred W. Hart and Rev. Robert Moore for their comforting service.

Mr. and Mrs. Peter Sherman
Mr. and Mrs. C. M. LaClair
Mr. and Mrs. Harry Kleinhans
37x1 Mrs. Jennie Bennett

Local Boy Wounded in Korea

MAURICE MURPHY WAS SERIOUSLY WOUNDED SEPTEMBER 1st

Word was received Wednesday morning, Sept. 13, that Maurice Murphy, 18, son of Mr. and Mrs. Raymond Murphy was seriously wounded in action Sept 1st in Korea. Maurice was in the Army 35th Reg. Inf. 25th Div.

He graduated with the class of '49 from East Jordan High School and enlisted in June of the same year. He had been stationed in Japan for some time before being sent into Korea. Maurice is the grandson of Mr. and Mrs. Ray Gee.

Mrs. John Sherman Former E. J. Resident Passes at Lansing

Harriett Ann Aldridge was born April 10, 1872, in Greenup county, Ky., and passed away at the home oo her daughter, Mrs. Clifford LaClair, 3127 Lake St., East Lansing, Tuesday, Sept. 5th, from a heart ailment. She had been in failing health for several years.

In 1901 she was united in marriage to John Sherman in Kentucky where they lived until 1905 when they went to Alba, Mich., to live, and in 1908 they moved to their farm in South Arm Twp. where they lived until Mr. Sherman's death in 1920, when Mrs. Sherman and her four children left the farm and moved to Main St. in East Jordan until October 1928 when the family went to Lansing to make their home for the past ten years.

Mrs. Sherman was president of the Towar Hart Ladies Aid. She was a member of the East Jordan Methodist Church. She was an active member of the Good Will Class and the Methodist Ladies Aid while in East Jordan. She was loved by all who knew her.

Surviving are three daughters: Mrs. Jessie Klienhans, Ithaca; Mrs. Sarah LaClair, East Lansing; Mrs. Jennie Bennett, Lansing; a son, Peter Sherman, Lansing. Eight grandchildren and two great grandchildren.

Funeral services were held at the Colonial Chapel, Estes-Leadley Funeral Home, Lansing, Thursday, Sept. 7, at 10:30 a. m., conducted by Rev. Alfred Hart. Miss Clara W. Beach was organist. From Watson's Funeral Home in East Jordan, Friday, Sept. 8, at 1:30 p. m., conducted by Rev. Robert Moore.

Bearers were. Merle Thompson, Wm. VanDeventer, Donald Hott and Archie Murphy. Interment at Jones Cemetery, South Arm Twp.

Relatives and friends here to attend the funeral were: Mr. and Mrs. Peter Sherman with daughter, Donna, and sons, John, and Mr. and Mrs. D. Howard Sherman, Mrs. Jennie Bennett, Wm. LaClair, Mrs. Richard Schneeberger, Lansing; Mr. and Mrs. Clifford LaClair, Mr. and Mrs. L. J. Boyle and daughters, Karen and Judy, East Lansing; Mr. and Mrs. Harry Klienhans and sons, Jim, Robert and Rodger, Ithaca; Mrs. Orph Tinsley, Detroit; Mrs. Fisher Aldridge, Portsmouth, Ohio; Mrs. Emma Thompson, Mrs. Jasper Loper, Central Lake; Mr. and Mrs. Ellis Klienhans, Walloon Lake; Mr. and Mrs. Adrain Campbell, Petoskey; Mr. and Mrs. Gilbert LaClair, Ellsworth; Mrs. Clyde Warner, Charlevoix; and Mrs. Mae Swafford, Detroit.

HOMEMAKING HINTS

Dishes that are cracked should not be used. Water and food seep in the cracks and provide a breeding place for germs of all kinds. Even though the dish is not used immediately after washing, the bacteria will remain alive to come out and infect fresh food placed in the dish later.

I never wore my hair upswept,
Because it made you groan;
Or did my nails in screaming red,
For that brought forth a moan.
I let you tell me how to dress
But now, my dear, I won't.
I've seen the way you look at girls
Who do the things I don't.

Almost four million homes and shops will be burglarized this year! Don't let yours be one of them! In The American Weekly with Sunday's Chicago Herald American read "Somebody In The House," a timely article on how you can protect your home from burglars . . . how burglars operate. Don't miss, "Somebody In The House," Sunday in The Chicago Herald-American's great color magazine.

MSC To Harvest First Banana Crop

Michigan State College will harvest its first crop of bananas in late November, according to Dr. William B. Drew, head of the department of botany and plant pathology.

According to Dr. Drew, about 11 dozen bananas will be taken from a dwarf banana plant, the first one of its kind to be grown in MSC greenhouses.

Among other tropical plants in the MSC botany greenhouse are ginger from the East Indies; vanilla from Mexico; Arabian and Near Eastern figs, and bamboo and sugar cane from Asia.

Auxiliary To Hold Joint Installation of Officers Sept. 21st

A joint installation of officers will be held at the Legion Home Sept. 21st, at 8:00 p. m. The American Legion Rebec-Sweet Post Auxiliary Unit 227 wll act as hostess to Charlevoix, Boyne City and Ellsworth Units. Hilda Bathke, Past President of the Lower 11th District will be the installng officer. All members should make it a point to attend this meeting. The installation ceremonies are very impressive and we want to let our new members begin their term of office with the assurance that the members of the Unit are behind them 100 percent. The officer can not work alone but needs the whole-hearted support of every member of their Unit.

The following committee has been appointed to have charge of entertainment and refreshments: Chairman Thora Kotowich, Agnes Woodcock, Mildred St. Charles and Eldeva Gokee.

Bowling News

Bowlers in the East Jordan Merchants League and the Ladies league have started their annual battle chant, and after some clearing of the throats have begun the yell, "Set 'em up".

With two new sponsors in the Merchants league the men got off to a flying start Monday night when all 12 teams ushered in the new season. The new sponsors this year are Dip's Tavern and the Anchorage. Last year's top average team, Sommerville's Grocery, came back with their same line up and got away to a flying start when they tripped the State Bank for four points as they had high team single game and series for the night with an 863 game in 2495. The Bankers, led by the consistant bowling of Greg Boswell came close in every game, losing the 2nd game by only nine pins and the other two by 27 and 21 pins. Greg was top man for the night with a 569 series, while Dick Hamerski of the Anchorage had high single game with 212.

The American Legion with their same line-up, the Recreation with one new bowler, Chris Bulow, the Canning Co. back again with their same gang, and Ellsworth Electric with their old stand by, Emory Wilson, returning after a long illness, all won 3 points from their opponents, when the Legion downed Monarch Finer Foods, who have added a new bowler, Fred Schoenfelder. The Recreation blasted the hopes of the new Anchorage team, while the Canning Co. beat St. Joseph, and Ellsworth downed Thorsen's Lumber Co., who have added John Raveau and John Richardson to their line up.

Dip's Tavern with a new team including Leo Dipsinski, the sponsor, split points with last year's champions, Hillman's Insurance, who are flying the new name of State Farm Insurance.

In the Ladies league the new Recreation team and Dip's Tavern, formerly Norm's, won four points from Thorsen's Lumber Co. and Art Cleaners of Charlevoix respecively, while last year's champions, Dress and Gift Shop team, the State Bank ladies and Bachmann's from Central Lake all took three points from their opponents. The Gift Shop won from the Rainbow Bar, the Bankers won from the E. J. Canning Co. ladies, while Bachmann's won over Club 131 of Mancelona. The other scheduled match between Home Modernizing and Was-Wa-Gun was postponed till a later date.

Florine Krahnke rolled high series with games of 164-160-136-460, while Mickey Hamerski matched her husband's honors and had high single game with 189.

We know a man who hasn't spoken to his wife in three months —because he didn't want to interrupt her.

Bumper Exhibits at the Charlevoix County Fair

NOW IN PROGRESS AT EAST JORDAN, SEPT. 12-16

Buildings at our Fair Grounds are packed full and running over with exhibits worth your while to see and enjoy.

Cattle barns are full with more than one head in each stall.

In the 4-H, Home Economics, fruit, grain and vegetable display there is approximately fifty percent more exhibits than in the past. All of the Educational Building is being used this year for displays.

CHEST X-RAY SERVICE

Hundreds of bargain wise Charlevoix county citizens are finding out this week that one of the best attractions at the Charlevoix Co-Fair is the chest X-ray service.

Against the background of a calliope music and the calls of barkers, one of the busiest spots on the fairgrounds is where the mobile unit of the Michigan Department of Health is set up to give chest X-rays. The X-rays are free to everyone 14 years of age and older.

It's simple to get the chest check-up. You stand in line for a moment, get an X-ray registration card from the nurse at the desk and step up to the unit. The X-ray technician places you before a screen, tells you to put your shoulders forward, with your arms akimbo and hands on your hip bones. You're told to take a deep breath and hold it. And that's all.

"When you step down," said one elderly fair-goer, "you feel wonderful. It's good to know you will soon have a report on the condition of your chest."

Check Animals Back From Fair

It's wise to isolate animals that come back from exhibition at fairs until there is no chance they may have a disease, says Dr. B. J. Killham, Michigan State College veterinarian.

Though most county fairs operate under state regulations that require clean bills of health before animals can be shown, it is a good plan to isolate show animals from the rest of the herd for at lease three weeks after they return to the farm. Then you're doubly sure no infection can be spread.

"Are you John A. Van Dyke?" asked the young man beside the coat rack.

"No," was the surprised reply.

"Well, I am," came the frosty rejoiner, "and that is his hat you are putting on."

Homemakers' Corner
by
Home Economics Specialists Michigan State College

ANSWERS QUESTION OF VITAMIN LOSS IN CANNED JUICES

During this season when fresh citrus fruits are not as plentiful as they will be in a few months, many homemakers turn to canned citrus fruit juices, but wonder whether they are getting the some amount of vitamin C.

Roberta Hershey, extension nutrtion specialist at Michigan State College, answers the question of whether vitamin C is destroyed by heating the juices for canning.

Modern methods of commercial canning have greatly increased the percentage of vitamin C that may be saved. Experiments show that amost all of the precious vitamin is retained in canned juice. However, there may be some loss during storage if the temperature of freight cars, warehouses, or groceries is too high. This appies to your own home storage. Canned goods should be stored in a cool cupboard.

Many homemakers also ask Miss Hershey about the loss of vitamin after the can is opened. Here again the temperature as well as the air are the enemies of vitamin C. It is best to open the cans with a small three-cornered opening and keep this opening tightly plugged. If possible, keep it at a temperature below 50 degrees Fahrenheit and there will be a minimum amount of loss of the vitamin C.

Don't be afraid to store the juice in the tin can in which it is purchased. It is quite all right to leave foods in the original can after they have been opened. They should, however, be kept very cold to prevent spoilage.

Pre-Nuptial Shower

Marie Rebec entertained a group of ladies at a pre-nuptial shower given for Jennie Chanda. She received many useful gifts.

Games were played, prizes given and a delicious lunch served.

Economists List Custom Rates For Corn Picking Job

Farmers planning to pay for custom work in their corn harvest or do custom harvesting for others can get a pretty good idea of average rate for this year from rates charged in the past two years. Michigan State College agricultural economists expect only slight changes from rates reported in an extensive survey in 1948.

Custom rates for picking corn were reported for both 1 and 2-row pickers. The 2-row pickers were used chiefly in the southern part of the state.

The most common rates for 1-row pickers were $5 per acre or per hour. Farmers reported lower rates for 2-row pickers but only on an acre basis. The most common rate was $4. Same farmers reporter furnishing one or two wagons with the picker, but the custom rates were about the same wth or without wagons.

Custom rates for field chopping of corn were given only on an hourly basis. Most common rates were listed as $8 an hour for chopper and blower with one or two men, two wagons and one tractor; and $9 an hour if two tractors were used. Rate for two or three men with wagons or trucks and two tractors was $10 an hour.

The MSC economists emphasize that these charges are those most commonly reported. Rates will vary according to such working factors as field conditions, going wage rates in the area, and type of equpment used.

Legion Auxiliary Elects Officers

The American Legion Auxiliary Rebec-Sweet Post Unit 227 held their annual election of offcers at their last meeting Sept 7, in the Legion Home. The following officers were elected: President, Edna Wilkins; 1st Vice-Pres., Mary Lou Breakey; 2nd Vice Pres., Reva Walton; Secretary, Florence Stucker; Treasurer, Shirley Isaman; Chaplain, Agnes Woodcock; Historian, Lillian Bennett; Sgt.-at-Arms, Peggy Thomas. Elected to the Executive Board were Hilda Bathke, Jean Peterson and Mary Hayes.

The meeting was well attended and many fine reports were read in regards to progress on plans for the concession at the Fair, the recent Supper Committee and the Bingo Committee.

The Delegates at the Dept. Convention held recently in Grand Rapids were called on. Florence Stucker, giving her report first, stressed reports given at the Convention regarding conditions in the Veteran Hospitals under the new set up, especially in the hospital at Dearborn, due to the drastic curtailment of personnel. Conditions are very much below par. The Legion and Auxiliary both regret that this is true, after their untiring efforts to make conditions for disabled vets as desirable as possible. Lillian Bennett gave a very interesting report and was much impressed by the Memorial Services held each year at the convention in honor of deceased members. Josephine Justice was the member from Unit 227 who was honored in the service this year. Lillian said this was her first year to attend a Dept. Convention but she planned to attend more as it is well worth any member's time to attend one. It really brings home what the Auxiliary means and the good they are ever striving to accomplish. Past Lower 11th District President Hilda Bathke gave a talk on the Convention and presented the Unit with a Dept. Citation for Membership and thanked the Unit for the wonderful support she has received from Unit 227 which made it possible for her to receive many special gifts and honors. She also thanked the Unit for the beautiful corsage presented to her from East Jordan as well as a gift, at the convention. Hilda then presented Reva Walton, Membership Chairman, with a gift for her outstanding work on that committee. She also presented Edna Wilkins with a gift in rememberance of their trip to the Dept. Convention 4 years ago.

Football Season Opening Game This Saturday Sept. 16

COACH SAXTON BUSY LINING UP PLAYERS FOR THE SEASON

Coach Gayle Saxton and his East Jordan High School football squad began their third week of practice Monday in preparation for their season's opener with a strong Class B Rogers City High School eleven here Saturday afternoon, Sept. 16th, at 2:00 p. m., at the West Side Athletic Field. Rogers City is returning to the local schedule this year after a lapse of several seasons.

The Red Devils will open the season with but four regular letter winners from last year's unbeaten eleven. Bryan Boring, 3 time letterman, is expected to direct the team again this fall from the quarterback spot. Max Sommerville and Donald Whiteford, both first stringers last year, are expected to start at left half and left end respectively. Elwin "Red" Evans, last year's center, has been shifted to the right half and will probably get the starting call at that position Saturday afternoon.

Missing from last year's powerful machine will be such outstanding performers as Don Cutler, Joe Hammond, Bob Saxton, Al Chanda, Keith Vance, James Nachazel, James Meredith, Don Bowers and Donald Kowalske, all of whom did so much in bringing East Jordan two undefeated seasons in a row.

Coach Saxton is confronted with the task of building a line from scratch as last year's front line moved out almost as one through graduation. It is too early to tell who will make up the starting line against Rogers City Saturday but some of the boys who will definitely see service barring injuries are James Milstein, at right end; Dan and Robert Thomas, along with Chanda and James Shepard at guard slots; Keith Evans, a freshman, at center; and tackle candidates, Donald and Gordon Danforth, Earl Muma, Orval Nelson and Donald Maxwell.

Rounding out the backfield with Evans, Boring and Sommerville will be Huckle at full. Whiteford may be moved into backfield from his end position and will more than likely see action at the fullback slot as well as at left end.

This year's schedule is as follows:

Saturday, Sept. 16th, Rogers City, here, 2:00 p. m.

Friday, Sept. 22nd, Harbor Springs, here, 3:00 p. m.

Friday, Sept. 29th, Pellston, there 3:00 p. m.

Saturday Oct. 7th, Charlevoix, here, 3:00 p. m.

Friday, Oct. 13th, Grayling, there, 3:00 p. m.

Friday, Oct. 20th, Boyne City, here, 3:00 p. m.

Friday, Oct. 27th, Mancelona, there, 8:00 p. m. (N)

Friday , Nov. 3rd, Gaylord, there, 3:00 p. m.

First Presbyterian Church
Edward O. DeHaven, Pastor

The Sunday School begins at 9:45 a. m. Now that school has begun it is also time for us to start anew in our Church School work.

The Church Worship Service begins at 11:00 a. m. This is a time of worship and inspiration. Let us be in our place each Sunday morning.

The W. Y. F. meets at 6:30 p. m.

On this coming Sunday evening the Church School teachers and officers in the churches here in the Northern part of the Presbytery will meet in Petoskey for a briefing Conference. The meeting will begin at 4:00 p. m. A pot luck supper will be served at 6:00.

The Sunday School Teachers will have a very important meeting Tuesday evening in the church beginning at 7:30 p. m. The new material for the coming year will be distributed and discussed.

The Choir rehearses on Wednesday evening in the Church at 7:00 p. m.

Thursday, Sept. 21, the Young Adult group will meet in the Church for their first meeting of the fall. Pot luck supper will be served at 6:30 p. m. Bring own dishes, sandwiches and a dish to pass.

JORDAN....
(Edited by Mrs. Tom Kiser)

Mr. and Mrs. Arthur Pettifor, having sold their farm and household furnishings, left by car Monday for Washington, then plan to go on to California.

Mr. and Mrs. Bob Dunson and family called at the Dam Sunday evening.

Miss Mary Justice of Detroit and Merle Dumont of Midland were united in marriage Sept. 6. Mr. Dumont is now in the Army. They have the very best wishes of her family, Mrs. Rose Justice, Goldie, Mrs. Del Miller, other relatives and their many friends.

Mrs. Anna Fricke of Wyandotte who is visiting relatives in Boyne City and East Jordan, called on Mrs. Roy Hurbert last Wednesday.

Mr. and Mrs. Clyde Hipp called at the Dam Wednesday afternoon.

Mrs. Tom Kiser and son, Ted, spent Thursday evening with her aunts, Mrs. Anna Fricke and Mrs. Mac Ostrander and family of Boyne City.

Robert Kiser of Rochester, who spent the summer with his parents, Mr. and Mrs. Tom Kiser, returned to his home Sunday.

Mr. and Mrs. Harvey Cook and daughter, Rita, and Mr. and Mrs. Tom Kiser and son, Ted, had a picnic dinner at Round Lake, east of Vanderbilt, Sunday.

MILES DISTRICT
(Edited by Mrs. Claud Gilkerson)

Mr. Warren Franks is driving a new Chevrolet car.

Notice the new cement slab silo on the Wm. Boss farm?

Mrs. Edith Cummings spent Thursday afternon with Mrs. Fred Bancroft.

Mrs. J. M. Ingalls went to Jackson Thursday to be with her sister, who is seriously ill.

Mr. and Mrs. J. J. Aldrich of Flint spent Tuesday evening with Mr. and Mrs. Fred Bancroft.

Mr. and Mrs. Howard Donaldson and family called on Mrs. Dorothy Schwandt Sunday afternoon.

Robert E. Nelson of Detroit is spending two weeks with his sister-in-law and brother, Mr. and Mrs. Lewis Nelson.

Callers at the Gilkerson home Sunday afternoon were Mr. and Mrs. Harry Sloop and son and Mrs. Kenneth Slough and daughter.

Mr. and Mrs. John Pape and Miss Kimball of New York returned home after spending some time with their sister and brother-in-law, Mr. and Mrs. Lewis Nelson.

H. T. Hott of Portland, Oregon who has been visiting at the home of his cousin, Elmer Hott and other relatives left for West Virginia Friday, where he will visit a brother and sister before returning home.

"While every man has his wife, only the ice man has his pick."

As preparedness is emphasized throughout the State, Michigan moves its machinery along to recruit 1,500 air raid spotters. Detroit's defense will be tested in October with a simulated atomic bombing of key installations.

Michigan will have fewer physicians and dentists in the near future. Congress is enacting legislation to draft needed medical men for military hospitals. Forecast at Washington: Lifting of selective service ban on drafting married men 19 through 25.

The legislature's economy program did not anticipate K-Day and resultant inflation. (Note: Wholesale prices index soared 20 percent in 60 days). University of Michigan's President Ruthven warned legislatures that the low operating budget ($11.5 million instead of $15.8 asked) has resulted in its "worst crisis in 50 years". Employees are demanding higher wages recently granted by GM, Chrysler, Packard.

Meanwhile the political scene moves along as usual. Mud-slinging has been at a minimum thus far. But Republican Fred Alger now says Governor Williams has been creating disharmony in Michigan to win re-election. Mrs. Willian, in turn, states the Republicans believe in government for the few.

A move may be made, according to political seers, to slip Detroit's John Gibson on the 1950 Democratic slate in the hope his popularity with the CIO will weld the big union to the Democratic fold this fall.

If the war picture is discouraging, Michigan's fall crops, at least, are booming with beaming reports from all sectors. Only major exception in the field of plenty is the prospective field-bean harvest.

And car dealers have been warned that competition is near again despite possible shortages. J. C. Doyle, central regional manager of the Ford Motor Co., tells them: "You have been given a reprieve (from competition) but it's a temporary reprieve—this is not a business for the next few months but for the future."

The value of your dollar is still going down—with scare buying playing the villian's role in the trend. Not by hoaders in retail stores, according to Wall street, but by merchants, wholesalers and manufacturers whoi have flooded primary sources of commodities with anticipatory orders.

An American Legion official at the convention in Grand Rapids in asking for universal military training says: "The Neck of the United States is lying on the chopping block just like a Thanksgiving turkey." He demanded immediate and complete preparedness for national defense.

Mirror of a possible labor shortage in Michigan are MUCC figures showing unemployment compensation benefits have been dipped to the lowest point since World War II. Only 21,846 persons were on MUCC rolls at last muster. Lowest figure (during World War II) is 6,000.

Michigan game bird hunters have been promised better shooting next fall. State conservation wildlife survey indicates the cock pheasant population is up 35 percent.

And the hog is helping the conservation department now. The job turned over to the pigs is to root up sod in woodlots so nut and fruit-bearing trees and shrubs can seed themselves better.

Timely question: To what extent will the Korean crisis affect the voters' preference of Republican candidates for governor in the Sept. 12 primary? It's difficult to concentrate on Michigan politics when war headlines jam the front page and dominate the radio.

Oscar G. Olander, former state police commissioner, is being advanced at Lansing for civilian defense director. The legislature has set aside $362,945 for defense activities. Michigan state police would be called upon to enforce new subversive controls.

When making articles from plastics, avoid using pins because they make permanent holes, Any notches, darts, or other markings can be made by an ordinary pencil or tailor's chalk which can be wiped off after using, advise clothing specialists at Michigan State College.

EGGS WILL MAKE BETTER RECIPES IF USED RIGHT

From angel cake to zabaglione, most recipes call for eggs. Everyone knows that eggs improve the color and flavor of many foods, but do you know why they are used and how to get the most from them?

Two qualities that make eggs valuable in cooking are their ability to act as thickening agents and their ability to hold air in recipes. They will perform these duties much better if you know how to get the most out of them, advises Lois Jackson, foods and nutrition department at Michigan State College.

When using eggs for thickening in custards, sauces and puddings, you can prevent streaks of cooked egg in the recipe by adding the hot liquid very slowly to the beaten eggs and stirring at the same time. This same thickening quality explains the use of eggs for a coating to hold crumbs together on breaded foods.

It is the air beaten into eggs, not the eggs themselves, that helps to leaven batters and doughs. This way of leavening foods is especially important in sponge cakes. The way that eggs are beaten makes a difference in the final product. Recipes give such directions as "beat slightly," or "beat until thick and lemon-colored." Here the some hints on how to get the best results from beating.

Take the eggs out of the refrigerator ahead of time so they can warm to room temperature before beating and they will give better volume. If the whites and yolks are to be separated, do so while they are still chilled. Do not beat eggs until you are ready to add them to the recipe.

To beat slightly, just mix with a fork, whether it is a whole egg or the separate yolk or white. To beat until thick and lemon-colored, use a rotary beater or electric mixer until the egg becomes lighter yellow and thick. To beat egg whites stiff, be sure there isn't a speck of yolk in the whites. Use a beater until the mass is stiff but not dry. The whites will form peaks that topple. If they stand up stiff, they are overbeaten, and will not give as much volume.

Soil conservationists at Michigan State College advise leaving crop residues on the surface of the land as much as possible over winter. Straw stubble, sod, and even weeds offer good winter protection for the land.

THE BIBLE SPEAKS

International Uniform Sunday School Lessons

By DR. KENNETH J. FOREMAN

SCRIPTURE: Mark 3:31-35; 6:3; I Corinthians 15:7; Galatians 2:9-12; Acts 12:17, 15.
DEVOTIONAL READING: James 1: 19:27.

Brother to Jesus

Lesson for September 17, 1950

THEY WENT fishing together, no doubt; very likely they worked together in the shop; perhaps little James was the nuisance that small brothers sometimes are, but like all small brothers he would tag along when Jesus went walking over the Nazareth hills. As a man in later years he became influential and famous; indeed it was he who probably wrote the book in our New Testament called "James." But as a boy, his neighbors saw nothing remarkable in him. So completely commonplace he was, that as Mark 6 shows us, the natives of Nazareth couldn't believe that one of James' brothers could amount to anything.

Dr. Foreman

* * *

Unbeliever

FOR years and years James grew up with Jesus, boy with boy. They lived under the same roof, ate from the same dish. James may even have worn his big brother's outgrown tunics. All his childhood days he knew the care and love of the same mother Mary that Jesus had Through all those "silent" years when Jesus lived and worked in Nazareth, James lived and worked beside him.

And yet, the strange thing is that when Jesus left the carpenter shop and went about "doing good" as Peter said, James did not believe in him. It seems clear from the story in Mark 3 that both Mary and the brothers (not James only) had the idea that Jesus was out of his mind. They came to get him and would have stopped his ministry at that point, if they could. John also mentions the fact that Jesus' own brothers did not believe in him.

It seems strange, yet the reason may not be hard to find. Perhaps it was a case of the old proverb, "Familiarity breeds contempt." Perhaps James had a sort of inferiority complex about himself, maybe he agreed with the villagers' low opinion about him, so that he could not believe that his brother could be the Christ. In any case it is plain that if miracles could ever have compelled belief, Jesus' miracles would have convinced James . . . but he was an unbeliever right through the day of Calvary.

* * *

Believer

PRECISELY what changed him was never known. Some anonymous writer in early times wrote a "Gospel of James"—a piece of fiction never accepted by the church as genuine. What we do know is what Paul tells us: that after his resurrection, Jesus "appeared to James." It may well be that James was convinced by the risen Christ as he had never been by the Carpenter of Nazareth.

Be that as it may, as time went on and Christians began to multiply in Jerusalem, James appeared as the leader of the Christians' Home Church. At the important conference held in Jerusalem to decide the church's first great controversy, it was James whose speech was the "last word" before the decisive vote.

* * *

Quality of Leadership

JAMES was not an accepted leader merely because he was a brother of Jesus. There were other brothers who remained quite obscure. James was a recognized leader because of his personal qualities. The reader is invited to study these out for himself. But there is one interesting and unusual combination of qualities in this man: strictness with himself, together with flexible generosity in dealing with others.

In Acts 21:17-26 it is clear that James kept all the laws of Moses himself and expected other Jews to do the same. To the end of his life he was personally a rigid conservative. But when it came to other people, he was far more tolerant.

When the question arose, How much of Jewish law shall we expect Gentile Christians to observe? James agreed to the startlingly small nucleus of laws that the Jerusalem conference set forth as the absolute minimum for all. James did not wish his own conscience to bind every one else. He did not expect every one to be bound by his own pattern. He had high standards and he lived by them. But he did not use his own standards as a club with which to beat others over the head.

Doctor Thwarted In Research Drear Bestows Hospital

OKLAHOMA CITY, OKLA.—A frustrated researcher, who wants to see his wealth bear fruit in medical progress while he is still alive, has given away a hospital here.

The hospital, a private psychiatric institution, valued at $250,000, goes to the new Oklahoma medical research foundation. Dr. Coyne H. Campbell, a 45 year old physician who has practiced psychiatry here since 1933, is turning the Spencer Road sanitarium on the outskirts of Oklahoma City over to the research group. There was a touch of regret in his remarks as he announced his donation.

"I always wanted to do medical research," he explained, "but I got sidetracked into clinical medicine. This gift will compensate in part for my not having done research. Also I had rather make this gift at the age of 45 and see something come of it, than wait until I am 75 to give it.

"I can now see the fruits of my labor benefit other persons."

Once "Sidetracked"

Dr. Campbell indicated he was "sidetracked" from his own research ambitions simply by a combination of circumstances. On gaining his medical degree at the University of Chicago in 1928 he started a general practice in Frederick, Okla. But then his interests were suddenly switched to the field of psychiatry when he was named assistant superintendent of the Western Oklahoma state hospital.

This interest carried him into the specialized psychiatric field with graduate study at the Chicago Institute of Psychoanalysis. Completing this work he returned to Oklahoma to establish his own psychiatric clinic.

The doctor, who sees "no point in amassing great wealth," severed all proprietry interest in the sanitarium with his donation to the medical foundation. But last week, within a week of the original deal, Dr. Campbell agreed to the request of the research foundation's officials to stay on at the sanitarium as its director.

The foundation wanted him to take a 10 year contract guaranteeing the position but Dr. Campbell would have none of that.

No Conditions Attached

"The gift was made without any conditions as to the use to which the property will be put," the doctor explained. "Therefore I do not want the foundation to be bound by contract to employ me to operate the sanitarium for any specified period of time."

He therefore agreed to stay on "at the convenience of the foundation" at $500 a month. He also will continue his private practice at his own clinic in the city.

It's not the first time that Dr. Campbell has been moved to make a donation for research. Several years ago he contributed $3,000 to establish the John Arthur Hatchett fund at the University of Oklahoma medical school in Oklahoma City. That was the first research gift ever received by the school.

The hospital gift, largest single donation yet received by the research foundation, is better than money in the bank for the organization. It means a steady income, roughly estimated at $50,000 a year, in the years to come.

"The full importance of this gift," points out Hugh G. Payne, general manager of the foundation, "lies in the fact that it gives the foundation's research institute its first real measure of security."

Americans' Conveniences Due to Energy Harnessing

CINCINNATI, OHIO.—The conveniences and comforts that Americans enjoy are due primarily to man's ability to harness the energy of nature to satisfy his demands. That's the conclusion of Dr. Isay Balinkin, associate professor of experimental physics in the University of Cincinnati's college of engineering. His statement was made at the opening lecture to high school honor students in an application of physical sciences series.

"It is estimated that in 1949 every person in the United States used more than 1,600 kilowatt hours of energy," Dr. Balinkin said.

Winding Watch in Morning Found Best for Operation

ELGIN, ILL.—Before retiring tonight, be sure to lock your door, put out the cat and brush your teeth.

But don't wind your watch, warns an expert, lest it become neurotic.

According to William H. Samelius, head of the Elgin watchmakers college, timepieces give best service if they're wound at the same time each day. And since our arising habits are more constant than our time of retiring, morning is the time to wind your watch.

Morever, a timepiece wound in the morning is in better shape to take the jars and jolts it is subject to during the day.

At Our Tourist Park

Spring Fever hits the Tourist Park and drives this reporter to verse. As this is the time of year which both the human race and nature itself responds to the "Law of Change". I offer these few lines as a preview to the news from the park.

The world they say goes round and round
The wheels of trailers are southward bound
We say farewell as each one goes
To miss the snow and wind that blows.
A few among us, we've been told,
Roll over landscapes they'd behold
E're arriving home, as was their plans
To view other scenes than Michigan lands.
To those of you, we're glad you came here,
And bid you welcome back next year,
Though we may bid you au-revoir
We shall often wonder how you are.

Mr. and Mrs. Sven Olsen of Sparta were recent callers at the Meredith home.

Mr. M. D. Culver of Sparta came Tuesday, did some fishing, and returned home taking his trailer which has been parked here most of the summer.

Saturday evening the teachers and their families of East Jordan held their annual pot luck picnic dinner. This was a sort of a kick-off dinner before the opening of school and also to get acquainted with the new teachers and their families.

The Lutheran League held their monthly meeting and picnic dinner in the recreation building on Sunday afternoon.

Our park is beginning to look sort of deserted. Only three trailers left and due to the cold weather the picnics have been few. Not many swimmers and even the shuffleboards have been idle which is very unusual.

A recent caller at the Meredith home was Mrs. Florence Sinclair of Lake Helen, Florida, a former park tenant. She is resorting at present at her cottage on Lake Charlevoix.

Mrs. Marguerite Bogaardus and daughter, Mary Dawn, of Grand Rapids returned to their home on Friday after a week's visit with the former's parents, Mr. and Mrs. Hiram McIntyre, who are vacationing in our park.

Mr. and Mrs. B. H. Putman are spending a week at their home in Sparta.

Plans are about concluded for the "open house" in the recreation building on Sept. 23rd to honor Mr. and Mrs. James Meredith's golden wedding anniversary, Saturday evening from 8:00-11:00 o'clock. Several former tenants are planning to return for this occasion.

Mrs. Calvin and son, Gale, entertained over the week end, Mr. Scholten of Sparta, and her sister, Mr. and Mrs. Clifford Roberts and daughters, JoAnn and Diana, of Ravenna, and Mr. and Mrs. Donald Thome of Sparta. The Roberts and Thome families occupied the Miller's cabins.

Mr. and Mrs. Hiram McIntyre left Tuesday for their home in Grand Rapids. Mrs. McIntyre has been under the doctor's care while here. We wish her good health and a pleasant trip south.

The planning conference of the Presbyterian church consisting of the elders, trustees and officers of the women's societies, with their families, met in the recreation buiding for a co-operative dinner on Sunday evening. The meeting was closed with a worship service.

Tuesday evening the Study Club met in the dining room for their first meeting after their summer vacation. Twenty-six sat down to a delicious co-operative meal. Following the dinner, a business meeting was conducted by the new president, Ethel Clark. The program furnished much entertainment, each one responding with something she had done that day in pantomine. We had some pretty good actresses as most every pantomine was guessed. Three ladies chosen at random, consisting of Kay Braman, Agnes Hegerberg and Frances Grauel, furnished a lot of hilarity with their 80 yard race. Gifts were presented to all three for their earnest endeavors. Meta Robinson gave a reading "At The Movies". The by-laws were reviewed after which the meeting was adjourned.

If plastic material sticks, it may help to put some talcum powder along the edge you are stitching. This tends to ease the material through the machine. If the material is stiff, brush a drop of oil along the edge.

PROBATE ORDER
Final Administration Account

State of Michigan, The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the City of Charlevoix, in said County, on the 5th day of September, 1950.

Present, Honorable Floyd A. Supp, Judge of Probate.

In the Matter of the Estate of Roxa Gibbard, Deceased. Helen Bartholomew, having filed in said Court her final administration account, and her petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate.

It is Ordered, That the 26th day of September 1950, at two o'clock in the afternoon, at said Probate Office, be and is hereby appointed for examining and allowing said account and hearing said petition.

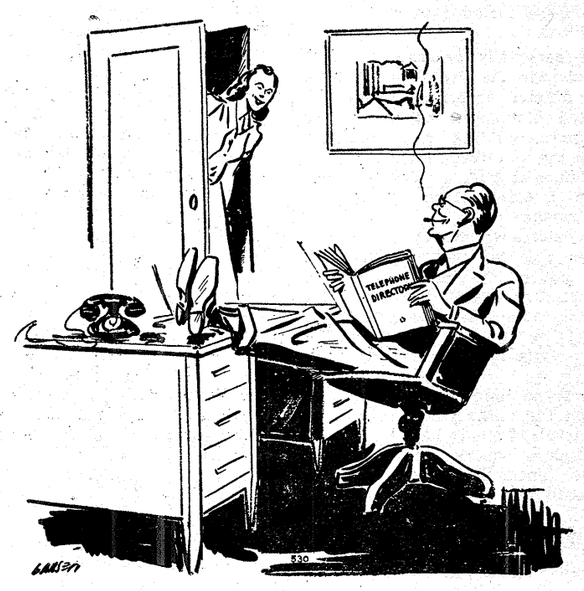

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, once in each week for three weeks consecutively, previous to said day of hearing, in the Charlevoix County Herald, a newspaper printed and circulated in said County.

FLOYD A. SUPP,
Judge of Probate.

Certified a true copy.

Customers' Corner

School days bring new problems for many of our customers.

There are lunches to be packed, after-school snacks to be kept on hand.

Shopping habits may change, too, because the children aren't available to help.

If there's anything we can do either in the way of food or service to make your school days' shopping pleasanter and easier, please let us know.

WEEKLY NEWS ANALYSIS

MacArthur Note Spotlights Breach On High Military-Civilian Levels; British Soldiers Arriving in Korea

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

MACARTHUR:

Truman Applies Gag

The now famous note of Gen. Douglas MacArthur to the Veterans of Foreign Wars, which President Truman personally ordered withdrawn, gave the people of the U.S. the almost unparalleled spectacle of a President telling an American general to mind his own business and leave foreign policy to the White House.

In his note General MacArthur declared Formosa is vital to America's far east defenses and must remain in non-Communist hands. He went so far as to say that many did not understand "the pattern of oriental psychology to respect and follow aggressive, resolute, and dynamic leadership."

To pursue any other course than holding our Pacific positions would expose our friends in the orient "to the lustful thrusts of those who stand for slavery against liberty, for atheism as against God." The general's idea is that Formosa should be included in our Pacific positions.

In personally ordering the note withdrawn, the President set forth the official American policy—the United States has no designs on Formosa, we are guarding it to keep the war from spreading, and its future as a former Japanese territory is a subject for international settlement.

Republicans, however, quickly made political meat of the note and put it into the congressional record. Observers also were of the opinion Communist nations would use it as propaganda expounding U.S. 'imperialistic' designs upon Asia.

It is an unfortunate breach between the military and high civilian levels. Nothing like it has been spotlighted on the American scene since Lincoln's troubles with his generals and cabinet members.

POLITICS:

What's The Issue?

An unusual, almost unique, situation has developed on the American political scene. In the midst of war, with the highest number of employed in several years, with prosperity at a new peak, congress must adjourn soon so many of its members can campaign for reelection. But the question is: What will be the issues?

Four months ago there were a number of issues. Among them were such questions as reduced spending, slashing or increasing armed forces, and communism with the government. Many of those campaign issues have been cast aside and others must be found to take their place. Criticism of the conduct of the war seems the most likely.

The senators and representatives are faced with another question. Should they go home to campaign now, or wait until the international picture has cleared and the Korean war has reached a definite phase? They will be criticized whatever they do.

The political picture is further confused for a smashing pre-election victory in Korea could give the Democrats immediate needed support and would knock the Republicans' campaign of criticism of the war's conduct into the ash can.

It is one of the most unusual situations ever to face a congress.

CASUALTIES:

Climb to 100,000

The Korean war is now in its third month. In this time the war has taken a toll of more than 100,000 killed, wounded or missing on both sides.

It is a rough estimate, observers reported, with nothing official from North Korean sources, and United States losses are not up to date.

The estimate was broken down as follows:

North Korean losses — frontline, 50,000; killed and wounded by strafing and bombing front, 20,000; losses among guerrillas and in sea actions, 10,000; civilians killed or wounded by long-range bombing attacks as announced by North Korean radio at Pyongyang, 11,582.

UN losses — American casualties (unofficials and estimated by several sources which were not named), more than 500; South Korean battle losses, more than 20,000; South Korean civilians, but no possible estimate.

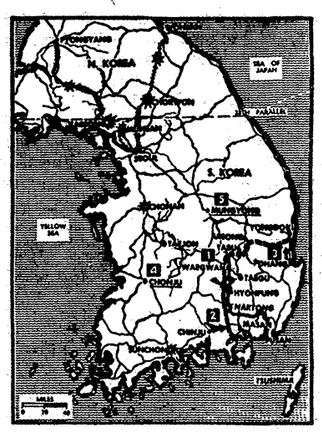

SOCIAL SECURITY:

10 Million Benefit

President Truman signed into law a vast expansion of social security which brings 10 million more workers under the law and, in some instances, increases benefits as much as 100 per cent.

The new law was not as far reaching as the President had campaigned for, but he called it "an outstanding achievement" nevertheless. The law will become active beginning October 1.

Air Strikes

As North Korean troops regrouped along the comparatively quiet Wegwam-Tabu-Uisong (1) front, B-29 bombers and fighters continued strikes against rail marshalling yards, bridges and supply depots (bomb burst symbols). Communist attacks west of Mason (2) were countered and the South Koreans met a new drive on the east coast (3). Two main enemy headquarters are at Chonju (4) and Mungyong (5).

KOREA:

British Troops Arrive

Crack British troops—1,500 strong landed in Korea as U.N. forces continued to battle an increased Communist offensive from the north in the area of Pohang.

The British reinforcements were from Hong Kong and had been in training for mountain fighting for 16 months. They will operate under the command of Lt. Gen. Walton H. Walker, commander of U.N. ground forces in Korea.

Meanwhile, bitter fighting on the east coast continued, in what military observers reported as a move by the invaders to cut in behind the vital communication center of Taegu. Frontal assaults on U.N. positions in that area repeatedly failed in recent weeks.

The Reds were reported using 40,000 troops along the jagged northern front, slipping strong patrols through the mountains to within 18 miles of Taegu.

In the air, United States planes continued to pound Red supply and manufacturing centers and give close support to ground forces.

The U.S. air force had flown 20,500 sorties since the beginning of the war and was credited with severely crippling the enemy. Confirmed destruction of 111 Red tanks was among the results listed, with no evaluated estimates on the number knocked out in more than 600 attacks on tanks, armored cars and half-tractor vehicles.

SOVIETS:

A New Trend

A new trend of thought has effused from the Korean war. It is based on the assumption that the struggle now has entered the critical stage and the battle lines are fairly well stabilized, and, that the men in the Kremlin now must know beyond question that North Korean forces are doomed to defeat.

The new thought is simply this: The Communists have decided what their next major move is to be and are getting set to make it.

Western diplomats believe the Soviets and their satellites have three courses open to them at this point.

First, they may occupy North Korea in an effort to prevent the U. S. - U. N. forces from crossing the 38th parallel and moving in close to Manchuria and the Russian port of Vladivostok.

Second, being confronted with the prospect of a North Korean defeat, they may make an effort to settle the fighting in some manner acceptable both to Russia and the west.

Third, they may send armed forces into the fight on the side of the North Koreans in open defiance of the U.N.

Many United States officials believe the first of the three courses is the most likely one to be employed by the Soviets. These officials believe that Russia is still anxious to avoid moves which might lead to a general war.

Employment

As the Korean war entered its tenth week the United States was experiencing a steadily tightening labor market. Unemployment was relatively low and more than 61 million persons had jobs.

In some instances there were reports of labor "pirating" and other industries, especially aircraft, sent out scouts for skilled technicians. The situation was not likely to improve.

RAILROADS:

Strike Called Off

An unexpected strike threat, involving 131 major railroads and an estimated 1,700,000 rail workers, was called off by the unions after President Truman issued an executive order for federal seizure of the railroads.

Acting quickly to prevent a national emergency, the President ordered Secretary of the Army Frank Pace to take over the rail lines and operate them "in the name of the United States government."

Within an hour the unions issued a statement: "The men we represent will work for the government gladly under government operation of the railroads during this period of crisis until this dispute can be settled on its merits through mediation."

For the past 18 months rail unions and management have been deadlocked in a wage and hour dispute. The unions have demanded a 40-hour week and a 31-cent-an hour wage boost for yard workers to keep their take-home pay the same as it has been for the present 48-hour week.

Observers pointed out it was the fifth time in 32 years that the government has stepped in to take control of the nation's rail system. And most members of congress gave quick approval of the President's order.

The unions considered the government seizure of the roads a victory for their side, but any jubilation was quickly dampened with the announcement by White House press secretary Charles G. Ross that "the government doesn't intend to conduct negotiations with the union." Such negotiations will continue between unions and railroads with a federal mediator available "if needed."

APPROPRIATIONS:

Staggers Imagination

The house sent to the senate two appropriation bills that staggered the average American's imagination and caused many to ask: "Where's the money coming from?"

One was an emergency bill of $16,771,383,379 to help rearm this country and its allies, passed by a roll call vote of 310 to 1, and the other, a general appropriation bill of $35,554,490,425.

The senate approved the general appropriation bill the following day and sent it to President Truman for his signature.

The emergency bill included the big appropriation to purchase 5,333 warplanes and boosts to more than $30 billion the military outlays set up for this year.

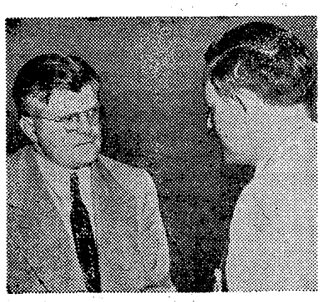

As an idea how the money will be spent, the bill included $260 million for work on the hydrogen bomb and the atom bomb, $598,637,370 to stockpile strategic materials, $4,535,400,000 for the air force, $2,648,029,000 for the navy and $3,063,547,000 for the army.

In addition, there was $62,655,850 to strengthen the state department's "Voice of America" program.

The general appropriations bill carried a proposed $62,500,000 loan to Spain. It was approved by a standing vote of 165 to 90. No administration leaders spoke against the measure, which was surprising since President Truman and the state department had strongly opposed it and it had never been approved by the congressional committees having charge of foreign policy.

Representative Smith of West Virginia made a bitter attack against the Spanish loan, pointing out that "we have here an almost ridiculous situation where an attempt is being made to write foreign policy in an appropriation bill on the floor" of the house.

Crime Probers

David Lubben, Hillsdale, N.J., candy maker, is shown chatting with Jack Elich, investigator for the senate crime committee. Lubben testified that "hoodlums" working for Frank Costello muscled him out of a business worth almost a million dollars a year. His testimony was taken in connection with a hearing into activities of New York gangsters accused of operating a $10 million black market in sugar.

COLLISION:

18 Persons Dead

The navy hospital ship Benevolence was rammed and sunk by the freighter Mary Luckenback in a dense fog just outside of San Francisco's famous Golden Gate with a loss of 18 lives. The navy announced 489 persons were rescued.

The Benevolence sank on her side within 20 minutes after the collision as she returned to port from a trial run.

Michigan Mirror

INTERPRETING THE NEWS

A democracy must take time out, even from war, to govern itself.

Michigan voters went to the polls this Tuesday (Sept. 12) to pick party nominees for Congress and for governor and lieutenant governor. At Washington the House and Senate were busy winding up affairs for a recess. "Politics as usual" is a periodical requirement in a democracy. That's why politics replaced the war headlines for a day this week.

Can Governor Williams, the Democratic nominee, woo enough "protest votes" from disgruntled Republicans to win re-election? That's the new question being asked this week at the Capital City in the wake of primary returns. Remember — Republican protests against Kim Sigler put "Soapy" into office two years ago.

Michigan again has become the Nation's No. 1 "hot spot".

General Motor's cost-of-living wage increase set into motion a long chain reaction of pay boosts in the automobile industry. Chrysler, Packard, Ford, Motor Wheel and other firms jumped on the band wagon. Economists call it the 'fifth round". After each previous round, prices have gone up. Consumers then paid more. In this case soaring prices preceded the adjustment in pay.

J. A. Livingston, business expert, say: "Inflation, like a forest fire fanned by a favorable wind, has a head start on President Truman, Congress and the Federal Reserve Board—so much so that the problem is not how to put the fire out but where and how to prepare a line beyond which the onrush of rising wages, prices and hoarding shall not pass."

Indicative of the current trend: Consumer credit in July reached an all-time peak of $20,340,000,000, up $660,000,000. Installment credit accounted for $12,600,000,000 of the total and $500,000,000 of the increase. People just had to get their autos, refrigerators and washing machines—items bought on credit—quickly, before the hoarders did.

Charles F. Brannan, secretary of agriculture, has told Michigan potato growers to accept his new rules or they'll get no price supports. He told Pennsylvanians the same thing. The vote there was 1,091 to 293 against new rules. Michigan farmers will vote on the issue Sept. 20-25.

Michigan legislators went home a short time (some two weeks) after a three-day session in which they appropriated $362,925 for civil defense, and promised to return to dig up funds for a living blood bank to combat a possible atomic disaster.

And while the Korean casualty lists crowd front pages in Michigan, Donald S. Leonard, acting civilian defense director, says this state has taken the lead in preparations for defense at home. "The money and the laws are now available," he said, and predicted that a special state police squad will be created immediately to spearhead "security activities".

Leonard says that if a bomb were dropped on Detroit tomorrow, "things could be kept fairly well under control—for one thing, the state control center is organized" How do your feel?

"No responsible labor groups have protested against the legislative plan to curb Communists and other "fellow travelers" in Michigan, so reports Paul Weber, press secretary for Governor Williams. One group did register a kick: the Michigan Civil Rights Congress. Incidentally, the United States attorney-general listed this outfit as a communist-front organization, adhering to the Red propaganda line.

If Michigan has a migrant labor problem, so does about every other state. The New York Times recently ran a series of articles on it. Puerto Rican workers have been complaining about wages and housing conditions in Michigan. One variable factor: The weather. What can we do about it? Even the government's long-range forecast for August was badly off.

When Michigans 1,315,000 school children returned to classses this fall, they found 15,000 will have only half-day classes because of crowded conditions in the buildings.

Another move has been made toward the completion of the $4,000,000 eight-story state office building. The sum of $83,000 has been appropriated for completion of plans and specifications.

Bad as war news may seem, things don't look altogether black. Michigan divorce rates have dropped 50 percent since 1946. Marriages dropped too, but now only 5.1 persons of every 1,000 are divorced. It was 10.2 in 1946.

Waiter: All right, sir, all right, You'll get served in time.

Diner: I daresay I shall; but I'm anxious to get through this meal before the prices rise again!

A Frank Statement to Electric Customers

Purchase of the Michigan Public Service Company by Consumers Power Company was completed September 8. All former customers of Michigan Public Service now are being served by Consumers Power.

We are proud of the opportunity to supply electric service in this great northwestern Michigan area. We think it is one of the finest districts in the United States with respect to its physical advantages, its people, and its opportunities for growth and prosperity. It is our purpose to contribute to the further development of this area by providing first class electric service at low rates.

We will move reasonable dispatch to strengthen the power supply, install new facilities where needed, and place lines and other facilities in top condition. But we want to tell you frankly that the job is a big one. It can't be done over-night; in fact, it will be at least three years before we can complete ALL the work we now see before us. The cost will be at least $5,000,000, and this is in addition to $750,000 that we plan to spend in the next three years on "extraordinary" maintenance, that is maintenance beyond what we would consider normal, to provide dependable service.

We are starting right away on some of the more important jobs such as the preliminary work needed in connection with the construction of two big transmission lines that will make this territory a part of Consumers Power Company's state-wide interconnected system. This system has a generating capacity of more than 1,000,000 kilowatts; it is one of the large systems of the United States. When these tie-in lines are completed, which we expect to have done within the next year, the power supply situation in northwestern Michigan will be much improved. But a lot will remain to be done in the way of rebuilding and extending present lines and providing additional substation capacity.

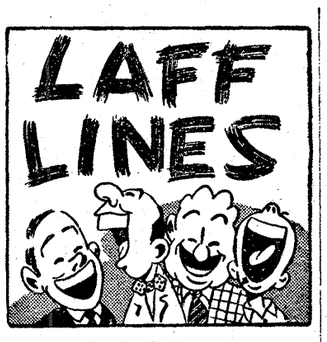

Many customers have been kind enough to express pleasure at the prospect of receiving Consumer Power Company service. We are grateful for such confidence. But we hope all our customers will understand that some time must elapse before service in this area can be as thoroughly satisfactory as they or we would like to have it. Your patience will be appreciated.

Rate schedules for residential and commercial service somewhat below the former Michigan Public Service Company rates are now in effect. We plan to reduce these rates progressively at yearly intervals until, at the end of three years, they will conform to the standard Consumers schedule then in effect in other parts of Michigan. We are reducing rates as rapidly as possible in view of the large amounts that must be spent during the next three years to strengthen and improve service in this area.

Sincerely yours,

CONSUMERS POWER COMPANY

By: D. E. Karn, First Vice President
B. D. Hilty, Division Manager

Inspired Thought

THE CONSCIENTIOUS father was dispensing advice to his son who was about to be married.

"Cooperation is the foundation of successful marriage," pop said solemnly. "You must do things together. For instance, if your wife wants to go for a walk, go for a walk with her. If she wants to go to the movies, go to the movies with her. If she wants to do the dishes, do the dishes with her."

The son listened dutifully, then asked: "Suppose she wants to mop the floor?"

INTRIGUING

A nurse in a mental hospital noticed a patient with his ear close to the wall, listening intently. The patient help up a finger as a warning to be quiet. Then he beckoned the nurse over and said, "Listen here."

The nurse listened for some time and then said, "I can't hear anything."

"No," said the patient, "and it's been like that all day!"

Chain of Events

Very stern parent indeed, "Come here, sir! What is this complaint the school master has made against you?"

Much injured youth, "It's just nothing at all. You see, Jimmy Hughes bent a pin, and I only just left it on the teacher's chair for him to look at, and he came in without his specs and sat right down on the pin and now he blames me for it."

Justifiable Homicide

"You say this woman shot her husband with this pistol and at close range?" asked the coroner of the eye-witness to the tragedy.

"Yes, sir."

"Were there powder marks on his face?"

"Yes, sir; that's why she shot him!"

That Should Do It

Wife: "You seem disappointed with your package."

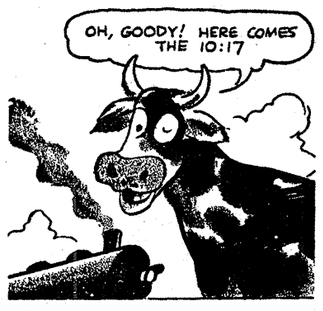

Husband: "Yes, I answered an advertisment for a device to keep grocery bills down—and the firm sent me a paper weight."

Cold Wave, That Is

Freddy—"What is an iceberg, Daddy?"

Daddy—"Why, it's a kind of a permanent wave, son."

NO HURRY

"Another farmer is bringing suit against our road on account of his cows," said the railway clerk. "This time he complains that our trains go so slow the passengers reach out and milk his cows as they go by."

Just for The Record

A junior member of a metropolitan law firm traveled to a nearby city to consult a client. When he reached his destination, he was embarrassed to find he'd forgotten the client's name. Timorously he wired his office: "What is our client's name?"

The company replied: "Williams, Edgar B. Your name is Johnson, Elmer."

COMPASSIONATE

Lady in Restaurant: "Why don't you shoo flies?"

Waiter: "Well, you see, it's hot today, so we thought we'd let them run around barefooted."

Nothing To It

A DISTRICT ATTORNEY was having trouble with one of the witnesses, a rather pugnacious old man.

"Are you acquainted with any of the jurymen?" asked the district attorney.

"More than half," grunted the witness.

"Are you willing to swear that you know more than half of them?"

The old man flicked a glance over the jury box. "If it comes to that," he drawled, "I'm willing to swear I know more than all of them put together."

SETTING AN EXAMPLE

Two judges were arrested for speeding. When they arrived in court, no other judge was present, so they decided to try each other. The first judge went up on the bench and said, "You are charged with exceeding the speed limit, how do you plead?"

"Guilty," was the answer.

"You are hereby fined five dollars."

Then they changed places and again the plea was "Guilty."

"Hmm," said the other judge. "These cases are becoming far too common. This is the second case of this sort we've had this morning. I hereby fine you 10 dollars or 10 days in jail."

Community Affair

The young man at the summer resort, who had become engaged to the pretty girl, received information that led him to question her:

"Is it true that since you came up here you've got engaged to Billy, Ed, George and Harry, as well as me?"

The young lady assumed an air of disdain.

"What is that to you?" she demanded.

"Just this," he replied gently. "If it's so, and you have no objection, we fellows will all chip in together to buy an engagement ring."

No Fair

"Look here," said the worried householder to the new maid, "why did you tell your mistress what time I came home last night when I asked you not to?"

"I didn't," replied the maid. "She asked me what time you got in, and I told her I was too busy cooking the breakfast to look at the clock."

Big Difference

Millionaire to beggar: "Be off with you this minute."

Beggar: "Look here, mister; the only difference between you and me is that you are makin' your second million while I'm still workin' at my first."

Just The Same

"Has James changed much in the years he has been away?"

"No, but he thinks he has. He keeps talking about what a fool he used to be."

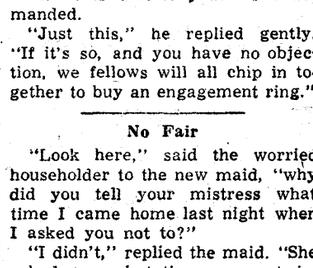

No Bedfellows

"I was so cold last night I couldn't sleep. I just lay there and shivered.

"Did your teeth chatter?"

"I don't know, we don't sleep together."

APPROPRIATE

Son: "Why do dollars have eagles on them?"

Father: "They're symbolic of swift flight."

INTERFERENCE

"Did your garden do well this summer?"

"No; every time my husband started digging he found a lot of worms, so he'd quit and go fishing."

Now He Knows

A comercial traveler, on leaving a certain hotel, said to the proprietor: "Pardon me, but with what material do you stuff the beds in your establishment?"

"Why," said the landlord, proudly, "with the best straw to be found in the whole country!"

"That," returned the traveler, "is very interesting. I now know whence the straw came that broke the camel's back."

LOCAL NEWS

Wanda Kopkau returned home Saturday after spending the summer at Flint.

Don Bramon left Tuesday to resume his studies at Albion College, Albion.

FARM FACTS

from your

County Agricultural Agent

Ed. Rebman, Co. Agr'l Agent

CHECK GRAIN, PROTECT FROM INSECTS

Bran bugs and weevils are big enemies of grain stored in granaries, points out county agr'l agent Ed Rebman. Damp grain tends to heat and it is in heated grain that these pests may be at work. Bran bugs and weevils can cause grain to heat enough to cause great damage in addition to the injury done by their feeding. Warm weather during the fall is very favorable for grain insects.

Fumigation is the best way of getting rid of bran bugs and weevils once they infest the grain. Careful attention must be paid to the conditions under which fumigation is done. The granary must be tight enough to prevent the fumigating material from escaping through the walls and floor while fumigating is being done. The temperature of the grain must be aboue 65 degrees Fahrenheit when the work is done. The fumigant should be used according to directions obtainable from the agent's office.

Rebman recommends a mixture of three parts of ethylene dichlorde and one part of carbon tetrachloride for fumigatng. The carbon tetrachloride is essential because ethylene dichloride is explosive when used alone. Both substances are poisonous and must be used with great care. Avoid breathing the fumes. The mixture is used at the rate of one gallon to 200 bushels of grain. Take the capacity of the granary into consideration, since one gallon of the mixture will not be enough for 200 bushels of grain in a 1000 bushel capacity granary.

A HOLSTEIN COW TOPS THE ASSOCIATION

A Holstein cow owned by Elias Sommerville was the highest in the Charlevoix-Antrim Dairy Herd Improvement Association by producing 78.8 pounds of butterfat for the month of August. The second highest cow was also a Holstein, owned by Art Nicloy and Sons, and this cow produced 78 pounds of butter fat.

The high herd for the month of August was the Holstein herd of Elias Sommerville. These nine head of Holstein averaged during the month 43.7 poundt of butterfat. Art Nicloy and Sons Holstein herd was second by averaging 40.9 pounds of butterfat during the month.

There was a total of 35 herds tested according to the report of Don Graham, testor. The average test was 3.85 percent with an average production of 80.2 pounds of milk and 30.9 pounds of butterfat for the month for all cows.

Belonging to a Dairy Herd Improvement Association and obtaining monthly tests on cows production is the best basis for culling cows. Anyone who is interested in inormation on the testing program may contact either Don Graham or Ed Rebman, county agr'l agent.

The ram you buy should be better than most of the ewes in your flock—he can do much for the average flock in stepping up quality of lambs. Look for a ram that is large for his age, showing good growth characteristics, and one this is active, vigorous and free from any defects.

Man and horse wanted to swamp out logs and bolts. Best dry wood for sale. Lots of stoves at low prices. Cottage with lights and water inside for rent. Cars and trucks for sale or trade. Malpass Hdwe. Co. We Deliver. adv-1

James Persons, son of Mrs. Esther Persons of this city, who reenlisted in the U. S. Navy in July and has been stationed in San Diego, Calif., on the U. S. S. Avetinus, a sea plane repair ship, left the states last Friday for overseas to a destination somewhere between Japan and Korea.

Mr. and Mrs. Leon Hollerman were week end guests of her brother-in-law and sister, Mr. and Mrs. Wm. E. Malpass. Mr. Hollerman recently returned from Japan. Mrs. Hollerman was formerly Miss Margaret Stone of Grosse Pointe. They were married in New York and on their way to Calif. where he will attend college to get his Ph. D.

The City Extension Club No. 1 met Friday, Sept. 18th, at the Stafford Cottage on Lake Charlevoix with Mrs. Rose Adair hostess. Each member took their paper sack lunch which was enjoyed at 1:00 o'clock, then the Chairman, Mrs. Carol Whiteford, called to order for the business. Mrs. Agnes Hegerberg gave a very fine report of Home Makers Conference that she attended at MSC in July. Nine members were present.

Rev. and Mrs. J. C. Johnson of Frankfort were callers at the Mike Gunderson home last week Tuesday.

Mike Brennan has returned after visiting friends and relatives at Saginaw, Lansing and Grand Rapids.

Mrs. Jack Dixon and daughter, Margo, have gone to Rockford for a week's visit with relatives and friends.

Mr. and Mrs. Dale Kiser and daughter, Rebecca, and Mr. Mitchel Reeves of Washington, Mich., were Saturday guests of the former's parents, Mr. and Mrs. Frank Kiser.

Jimmie Lilak, 8-year-old son of Mr. and Mrs. James Lilak, Jr., is a surgical patient at Lockwood hospital. He underwent an appendectomy Wednesday, Sept. 6, and was dismissed to his home Wednesday, Sept. 13th.

Mr. and Mrs. Donald Prause and children of Little Sable Light Station at Mears, Mich., and sister, Velda Derenzy of Central Lake, spent a few days last week with the ladies' uncle and aunt, Mr. and Mrs. Archie McArthur.

Mr. and Mrs. Ed Gill of El-Monte, Calif., and son and wife, Mr. and Mrs. Thomas Gill of Ahhambra, Calif., were renewing old acquaintances in the city recently. The Gills lived in East Jordan on the West Side some 40 years ago.

OBIE BURULL
about this question

I am an amateur photographer with perhaps $250 in cameras and epuipment, which is protected against fire and theft, along with my other household goods. Is it true that accidental breakage and some other kinds of damage are covered only by a Camera Floater?

25 lbs 1.79

RECIPE OF THE WEEK
By Mary Lee Taylor

Oatmeal Jelly Cookies

Broadcast: September 16, 1950

½ cup sifted, all-purpose flour
½ teaspoon baking powder
¼ teaspoon salt
½ cup rolled oats
½ cup soft shortening
1 teaspoon vanilla
½ cup light brown sugar
1 egg, unbeaten
¼ cup Pet Milk
¼ cup jelly

Turn on oven; set at moderate (375°). Sift flour with baking powder and salt. Fold in oats. Put shortening and vanilla into bowl. Mix in sugar slowly. Beat in egg vigorously. Add about ⅓ of flour mixture; when smooth, stir in about half of milk. Continue until all flour and milk are used. Drop by heaping teaspoons on greased baking sheet, 2 inches apart. With back of teaspoon, press hollow in each. Fill each with ½ teasp. jelly. Bake 12 min., or until light brown. Makes 2 doz.

You Will Need:

Rolled Oats, Jelly, Pet Milk, Brown Sugar and All-purpose Flour.

2 lbs 57c

War Vets Encounter Failure in Telephone Efforts at 'Peace'

NEW YORK.—A group of war veterans failed in a spectacular attempt to put President Harry Truman and Russian Premier Josef Stalin on the same party line. Their scheme didn't get any further than a long-distance telephone switchboard.

The Duncan-Paris American Legion post wanted the two heads of state to arrange a date to meet and make peace. The veterans got only silence from Moscow and a cold shoulder from the "little White House" where the President was staying.

It was golden silence, too, since the veterans had to pass the hat to get the $187.69 it cost to talk to cheery-voiced long distance operators and a traffic supervisor for an hour and 10 minutes.

They also got hooked for a transatlantic call from Paris, where three post members were cheering the attempted telephonic truce from the European sidelines.

The post rented a parlor in a hotel for $45. It spent $62.24 on telegrams and cables to Mr. Truman and Stalin asking if it was all right to place the call. None of the queries was answered.

"Another $77 was spent installing a telephone, a wire recorder and a loud-speaker system to amplify the conversation which never took place.

It took seven minutes to take the collection, and after that the only action was a series of reports from various telephone sources that no calls could be placed without the prior consent of the two heads of state. An attempt was then made to raise Key West on a pay phone. That failed also.

"They just don't want to talk to us," Saltz finally conceded.

Inspectors Find Supposed Beefsteak Was Horse Meat

HOUSTON, TEX. — Seizures of thousands of pounds of horse meat processed to resemble choice beef tenderloin has been announced in this city and Dallas.

Houston city veterinarian R. S. Martin said 3,000 pounds of a 5,000 pound horsemeat shipment to Houston had been sold to a restaurant here before city inspectors discovered it.

More than 4,000 pounds of horse meat, labeled beef tenderloin, was confiscated by city health officers and federal agents in Dallas.

At Fort Worth the city health department confiscated 3,600 pounds of meat but declined to label it horse meat. "We are not sure what it is," said the city health director, W. V. Bradshaw.

A great part of the horse meat shipments came from Kansas City and a federal investigation was begun there.

Shades of the Sheik! Arabs Tabbed Mashers

MILWAUKEE, WIS.—You should not talk to strange women here unless the women speak first, District Judge Harvey L. Neelen advised two Arab students in the district court. The students were charged with disorderly conduct on complaint of two 19-year-old girls who testified that the men invited them for a ride in an automobile.

The students were Jarob Abdin, 23, and Salim Akrawi, 19. Abdin, whose home is in Jerusalem, Palestine, is studying electronics at the vocational school. Akrawi, whose home is in Iran, is a dentistry student at Marquette university.

The complainants said in court that they were accosted as they left a restaurant. They refused the ride offer and took a bus, complaining to the bus driver that the car was following the bus, they said.

Abdin said that he and Akrawi had spoken to the girls because they were laughing so loudly. He said that "we never saw girls laugh so loudly before." He and Akrawi didn't mean anything wrong, he said.

Judge Neelen called this defense the "silliest argument I ever heard in a mashing case." He offered his advise about Americans customs and ordered the two men to pay costs, amounting to $4.40 each.

Frost-Bitten Men Saved After Fall into Lake

DAWSON CITY, YUKON TERRITORY. — Two frostbitten men told how they escaped death in the Yukon wastes after their truck plunged into a river and their clothes froze.

Edward J. Kimbel and Fred Harper, of Mayo, told hospital attaches how they scrambled out of their truck after it fell into the Stewart river and added:

"We started to run the four miles down river to a sawmill. There was a vicious wind blowing and it froze our heavy clothing until it felt as if we were packing heavy suits of armor."

The temperature was 40 below. Kimbel's frozen clothes became so heavy he had to crawl the last quarter mile to a logger's cabin, where a rescue squad found the two unconscious.

Plenty Time

THE MOTHER and daughter were busy with the wedding plans when the bridegroom-to-be called. He watched the preparations rather impatiently for a while, until his future wife noticed his look of annoyance.

"Darling, we have such a lot to do," she soothed, "and if we want to make our wedding a big success we mustn't forget the most insignificant detail!"

"Oh, don't worry about that," murmured the young man. "I'll be there all right."

ON THE BALL

Andy called at the big business house to apply for a job he had seen advertised.

"But, my dear man," said the manager, "you are much too late! Why I've had over a thousand applications already!"

Andy looked thoughtful.

"Well,'" he said after a while, "how about hiring me to classify the applications?"

That Explained It

At the booking agent's office a magician was trying to sell his act. "I've got the greatest act in the world," he declared. "I pull 200 lighted cigars from nowhere, puff on each of them, and then swallow the entire 200."

The agent was amazed. "You swallow 200 lighted cigars!" he gasped. "How on earth do you manage to do it?"

The magician smiled blandly. "Very simple," he replied. "I have connections in Cuba—and I get the cigars at a wholesale price."

The Man Was Right

They were standing before a large painting entitled "Echo" in an art museum.

"I suppose," said one man, "it is appropriate to depict Echo as a woman, because she always has the last word."

"On the other hand," returned the second man, "an echo speaks only when spoken to."

Admitted Ownership

Young Husband: "This pie is burnt. Send it back to the store."

Young Wife: "I didn't buy it. It's my own cremation."

Naturally

"You're always wishing for what you haven't got."

"Well, what else can one wish for?"

Eye-Dropper

"Joe has a glass eye."

"Did he tell you that?"

"No; it just came out in the conversation."

MATTER OF DIRECTION

A motorist stopped his car on a country road and asked a native how far it was to Millerstown. The reply was:

"It's 24,996 miles the way you're headed, but if you turn around it ain't but four."

Simple Economics

Upon due reflection, a rural school teacher decided to give full credit to a pupil for his answer to an arithmetic problem.

The question: "If your father sold 1,500 bushels of grain for $2 per bushel, what would he get?"

The answer: "A new car."

NO VALUE RECEIVED

Toll Operator: "The rate is $1.20 for three minutes and 30c for each additional minute."

Caller: "Do you take anything off for just listening? I want to call my wife."

Looking Backward . . .

SEPTEMBER 10, 1910

Pictures of the men who won out in the Republican Primary and whom we are going to elect in the fall appear on the front page of this issue: For Governor, Kelly; U. S. Senator, Townsend; Congressman, Francis H. Dodd; State Senator, Frank Scott; Representative, Wm. J. Pearson; Sheriff, Ford Robbins; County Clerk, Daniel S. Payton; Register of Deeds, Romeo A. Emrey; Prosecutor, Dwight H. Fitch; Treasurer, Richard Lewis.

Marshall Barnett died Saturday after a lingering illness. Funeral services on Monday at the residence of his parents, Mr. and Mrs. Richard Barnett. Rev. W. W. Lamport conducted the service. Besides his father's family, he leaves a wife and infant child.

E. Flagg and family now occupy their new home on North Main St.

Bert Lorraine left first of the week for Stewartville, Minn., where, it is rumored, he will take unto himself a wife.

The East Jordan Lumber Co. has a lot of old car bunks which they will give away to any desiring same for fuel. Inquire at the Round House.

East Jordan people who will teach school this year are: Alma Brodie, Vida Henning, Reuben Murphy, Joseph Whiteford, Lea Persons (Mrs. Peters), Hattie Gunsolus, Hazel Batterbee, Edith Brodie, Florence Barrett, Nell Maddaugh, Mary Dunlop, Hazel Goodman, Ethel Northon, Nannie Davidson, May Phillips, Bertha McCalmon, Mary McGuirk, Hazel Stevens Mary Gunsolus, Winnie Maddaugh, Jessie Metz, Mary Berg, Phyllis Hurlburt, Mae Stohlman, Hazel Holliday, Rural Schools in Charlevoix and Antrim Counties.

Miss Hurlburt, Miss Barnett, Miss Monroe, Miss Matthews and he Misses Stewart have good positions in this and other states, while Miss Winters, Miss Cross, Miss McKay and Miss Keenholts are located in our schools.

Dr. and Mrs. W. E. Zavitz leave next Tuesday for a month's outng at their old homes in Ontario.

SEPTEMBER 10, 1920

Charlevoix County Fair to be held Sept. 13-14-15-16-17. During the past 36 years this association has always put on a good fair. The fairs of other years fade into insignifiance in comparison with the 1920 Fair. There will be new and novel free attractions. Exhibits to be good. The Loeb Farm will have large exhibits. Aeroplane flights each day. Bumper display of vegetables and fruits. Good band music. Dance to Fisher's Orchestra. An added day to the Fair. Excellent night attractions. Expert Judges are engaged. Come to the Fair and get your money's worth.

M. J. Laurentis. who has been conducting a lath and welding shop in our city, left for Chicago where he has a position.

Miss Eloise Blair returned to Flint Saturday after an extended visit with her grandparents, Mr. and Mrs. Clark Barrie.

Miss Bertha Lee returned to Manistee Saturday after a week's visit at the home of Mr. and Mrs. Clyde Hollinshead.

Howard Baker returned to Frankfort Monday after a week's visit with his sister, Mrs. R. G. Watson.

Mrs. R. D. King left Tuesday for Kalamazoo after a visit here with her mother, Mrs. Wm. Heath.

Mr. and Mrs. Stanley Risk and children, Mr. and Mrs. Ellis Malpass with daughter, Mildred, returned to Muskegon by auto, on Monday, after spending a few days with Mr. and Mrs. James Malpass.

Ed Kamradt left Saturday for Pontiac where he will seek employment.

Miss Norma Johnson left Saturday for Alma, where she will teach the coming year.

Mrs. Harry Dodt and Miss Gladys Davis returned to Copemish, Tuesday, after a visit with her parents, Mr. and Mrs. R. H. Davis.

Mr. and Mrs. Dan Round and Mr. and Mrs. Harry Round of Traverse City were guests of Mr. and Mrs. W. E. Malpass over Sunday.

SEPTEMBER 12, 1930

Born to Mr. and Mrs. Bruce Donaldson, a son, Richard Elton, Sept. 6th.

Born to Mr. and Mrs. Gus Anderson, a son, Robert Edward, Sept. 11th.

Born to Mr. and Mrs. Arthur F. Buchin, a daughter, Goldie Eilein, Sept. 5th.

Joseph Nemecek is at Cadillac this week acting as relief man in one of the A & P Stores there.

Charles Cox has reopened his Blacksmith Shop on State St. and solicits your business.

Mrs. Ralph Bancroft and children of Flint are spending the week end with her parents, Mr. and Mrs. Jerry Deshane.

Born to County Clerk and Mrs. F. R. Bulow, a daughter, Thursday, Sept. 11th, at Charlevoix.

Mr. and Mrs. Frank Taylor of Muskegon were here last week camping at the Tourist Park and visiting at the Kenny homes.

Mr. and Mrs. Harry Saxton and Mrs. Frank Woodcock were at Mancelona last week, Tuesday, to attend the funeral of the former's sister and Mrs. Woodcock's grandmother, Mrs. Lola Poulson.

Victor LaPeer and Miss Wilma Natka of Hammond, Ind., and John Laviolette and children of East Chicago, Ind., were here recently for a week's visit with the former's parents, Mr. and Mrs. Alex LaPeer. Miss Genevieve LaPeer accompanied them home for a visit.

Delbert, 10-months-old son of Mr. and Mrs. Wm. Archer, died Sept. 9th following an illness from whooping cough. Funeral services were held Thursday with interment at Sunset Hill.

Walter Clark and family moved this week to the farm of his father near Eveline Orchards. On Friday Mr. Clark was helping a neighbor bale hay and was seriously injured when a hay hook struck his left knee.

Mr. and Mrs. Chris Bulow and family have moved here from Detroit and now occupy the former J. G. Stallard farm near this city.

Charles Dennis, Sr., underwent an operation at Petoskey hospital Wednesday.

Methodist Church
Rev. R. H. Moore, Pastor
Telephone 20

The beauty of Loyalty Sunday was emphasized by the many lovely garden flowers. Text for the sermon, "Special Emphasis on God and Prayer". The pastor on behalf of the congregation presented Margaret Blossie, during the services, a fine brown leather briefcase. The enclosed card read, "In appreciation of your talent which you have so graciously shared with us." Your Church's Congregation.

The Men's Quartette will sing next Sunday.

Because of the County Fair there will be no choir practice this week. The date will be given from the pulpit next Sunday.

Don't forget the first Family Night Supper is Thursday, Sept. 21. Remember, before setting a date, that Thursday night is reserved for the churches in East Jordan.

The Good Will Class met at the home of Mrs. Alice Shepard with fourteen present. Mrs. Sam Colter, president of this group, was able to attend. The ladies had a very pleasant afternoon.

The Afternoon Circle of the Woman's Society met with Mrs. Ida Kinsey with Mrs. Edith Swafford and Mrs. Alice Blossie assisting. Devotions, taken from a page of the Upper Room, were given by Mrs. Swafford. Mrs. Maggie Rogers reported on the World WCTU Convention which she attended at Hastings, England. She also answered questions and told of other interesting events of her trip. We especially enjoyed her story of her visit to the Blarney Stone.

Notice to members and friends of the Afternoon Circle. The date of regular monthly meeting has been changed to 2nd Tuesdays at 2:00 p. m. At the Oct. meeting Mrs. Agnes Darbee will begin the course of study. Part of this course will be on the life of Suzanna Wesley. To collaborate with this study, beginning with last Sunday's Classmate is the story of "Francis Asbury."

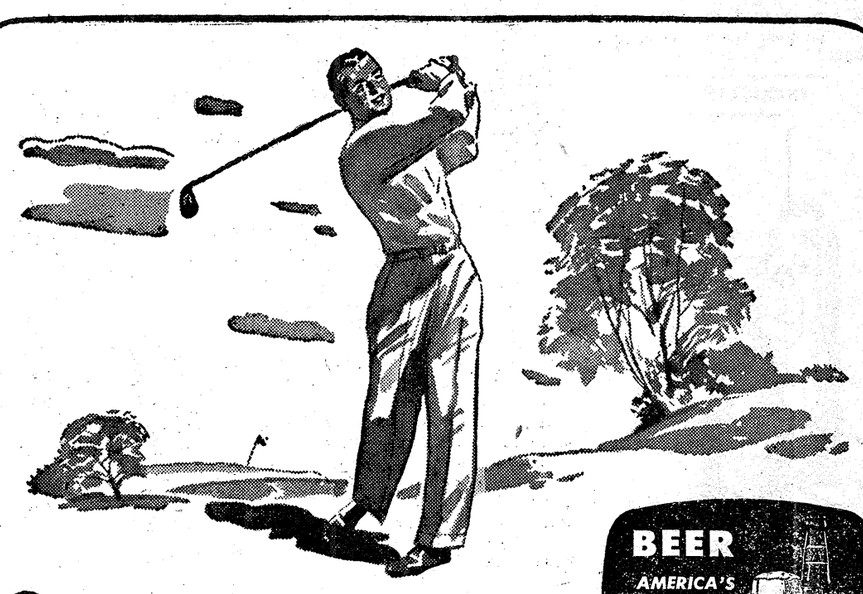

A large group of young people, the pastor's family and Mrs. L. B. Karr met at the church Sunday evening for the opening of the Youth Fellowship service. An impressive candle lighting service was held. After the service a recreation period was enjoyed followed by serving of ice cream and cake.

The American Way

BEER AMERICA'S BEVERAGE OF MODERATION

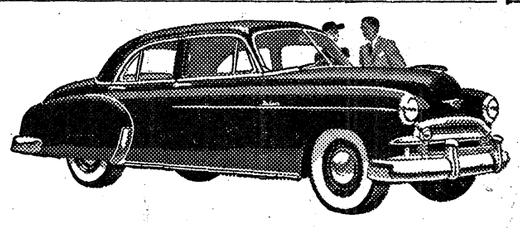

In Michigan the game of golf is gaining in popularity every year. It's a healthful, companionable game. And it's "The American Way," after reaching the 19th Hole to relax and enjoy a cool, sparkling glass of Michigan brewed beer.

For beer is the kind of beverage Americans like. It belongs . . . to pleasant living, to good fellowship, to sensible moderation. And our right to enjoy it, this too, belongs . . . to our own American heritage of personal freedom. *Beer Belongs . . . Enjoy It*
